

NCLCLB Enewsletter

Your source for North Carolina Landscape Contractor information.

The Board Enewsletters, emails, and letters are meant to provide licensed landscape contractors with meaningful information they can use, as well as important reminders and notifications to help contractors stay in compliance with the law.

Focus On: License Renewal

Your license will expire on July 31, 2025.

You must complete your continuing education requirement by July 31, 2025 before you can renew, and Renewal Applications must be submitted online or postmarked on or before August 1, 2025 to avoid reinstatement and late fees. **Don't wait until the last minute to complete your continuing education as classes do fill up.**

REMINDER: You must personally take the approved webinar/course/activity to obtain credit. Filing false information is fraud and is a violation of North Carolina law N.C.G.S.89D that can jeopardize your license.

Did You Know...?

Thinking of not renewing your license? You just might want to re-think it.

You could find that you could not recover your money if a client determines that you performed work while unlicensed in violation of the law.

While a court might rule otherwise, there is precedent in *Brady vs Fulgum* where a contractor filed against a homeowner to recover on a contract. The court ruled against the contractor saying the contract was unenforceable as it stemmed from an illegal contract because the contractor was unlicensed in violation of NC law.

By not renewing your license you could find yourself in court for unlicensed practice.

Volcano Season is Occurring Again

Share this information with your crews to avoid mulching issues and consumer complaints.

Per the law [21 NCAC 28B .0502](#)
PLANTING.....:

19. When mulching plants, maintain a mulch depth that is beneficial to the health of the plants.
20. When mulch is applied, apply mulch so that it does not touch a tree trunk or root flare.

Maintaining Your License

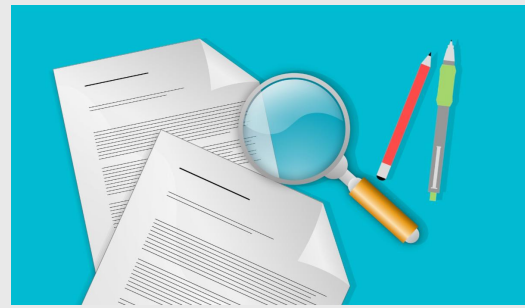

Reinstatement

If you, or someone you know, were a Licensed Landscape Contractor in 2022-2023, but missed the August 1 renewal deadline, you can still be reinstated.

By law, failure to reinstate your license by August 1, 2024 shall result in the forfeiture of your license. Upon forfeiture, you shall be required to submit a new application and retake the examination... which will cost considerably more in time and money than to reinstate now.

CE Audits

The Board is auditing licensees for continuing education (CE) compliance. License audits are conducted randomly.

Licensees selected for an audit shall submit all requested information to the Board within 21 calendar days after the date the licensee is notified.

Failure to maintain compliance with the Board's CE requirements shall result in the licensee's status being changed to inactive per 21 NCAC 28B .0403
